

Horizon RP120 --- YACHT OF THE YEAR 2017 in Taiwan

Taiwan SNAME

Featuring a sleek exterior profile from U.S. designer JC Espinosa, low-resistance hull for superior performance from Horizon in-house naval architects, and a contemporary and elegant interior atmosphere from famed Italian designer Luca Dini, the Horizon RP120 offers the utmost in luxury and function.

Natural stone mixed with Breeze Oak brings to mind a modern beach house surrounded by sand and sea, inspiring a feeling of tranquility throughout the yacht. The 65" Hi/Lo TV, BOSE home theatre system, and a full bar in the main salon ensure complete comfort while on board. Forward of the salon, the dining area seats 10 guests and is easily served by the fully-equipped galley. Completely forward on the main deck, the master stateroom affords privacy for the owner; the stateroom is split-level, with the head a few steps down from the King-sized bed. Four en suite guest staterooms are below deck with spacious heads and plenty of storage for the guests. On the flybridge, the sunbed, deck sofa, Jacuzzi and full bar combine together for the ideal area to entertain outdoors; the retractable sunroof is a new design for Horizon and brings additional sunshine in to the bridge. The bow deck is wonderful for enjoying the scenery on the forward sunpads or at the U-shaped dinette.

Equipped with the latest navigation equipment, the Horizon RP120 superyacht combines safety, entertainment, and function, bringing you an unprecedented luxury cruising experience!
